

# FICKETT

## Structural Solutions

Fickett Structural Solutions, Inc. has been partnering with owners and the A/E/C Industry since 2001, ensuring the safety and quality of their infrastructure through our specialized inspection, testing, and related engineering services. Our experienced personnel perform these services throughout the life-cycle of the structure.

Our extensive structural inspection experience includes large civil infrastructure projects such as bridges and locks and dams to major commercial, industrial and institutional buildings and parking structures. Our experience also includes stadiums, arenas, and highway ancillary structures.

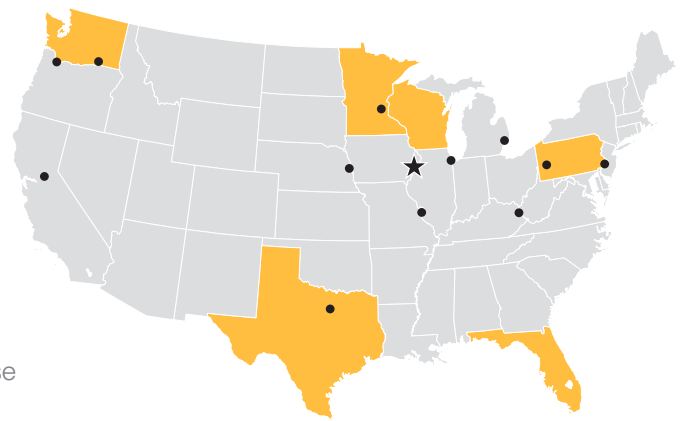

### Past Performance

#### USACE Districts:

- Prime — Rock Island IDIQ
- Sub-Consultant — Chicago, Detroit, Pittsburgh, Philadelphia, Fort Worth, Huntington, Omaha, Portland, Sacramento, St. Louis, St. Paul, and Walla Walla

### Core Capabilities

- **Quality Assurance Services**
  - Fabrication processes and procedures
  - Fabrication operations
  - Review of drawings, plans, and specifications
  - Steel erection and assembly
  - Welding and structural bolting
  - Coatings
- **Nondestructive Testing**
  - Magnetic Particle (MT)
  - Ultrasonic (UT)
  - Phased Array (PAUT)
  - Ultrasonic Impact Treatment (UIT)
- **In-Service Bridge & Ancillary Structure Inspections**
  - Initial
  - Routine
  - In-depth
  - Fracture Critical
  - Emergency
  - Rope Access
- **Consulting Services**
  - Welding Procedures
  - Fatigue prone assemblies and connection details
  - Bridge Construction Management
  - Load Ratings
- **Technical Training**
  - National Highway Institute (NHI) training courses with multiple Instructor of Excellence Awards
  - Development and presentation of programs for welding and high strength bolted connections
  - Technical training manual revisions and development
  - Welder and welding certification programs for fabricators and contractors

### COMPANY DATA

Founded in 2001  
(formerly Fish & Associates, Inc.)

Nationwide coverage with offices in  
MN, WA and WI

Small Business Enterprise (SBE)

Unique Entity ID (UEI): E8KKT31SJK4

CAGE: 4YW77

**NAICS Codes:**

- 541330 – Engineering Services
- 541350 – Building inspection services
- 541690 – Other construction services
- 541990 – Other technical services
- 238120 – Structural Steel Contractors

## THE INSPECTION SOURCE

Our Quality Assurance Services focus on the fabrication and construction of steel structures and their connections. This includes reviewing and monitoring all shop fabrication processes and procedures from QC functions to fabrication operations of material processing, cutting, heating, welding, bolting, repair, straightening, NDT, assembly, blasting, painting, and storage. Our engineers and inspectors ensure that your project is constructed according to the plans, specifications, and applicable codes.

**Fickett is a certified Small Business Enterprise (SBE) that serves public and private clients nationwide.**

### Differentiators

- We ensure structural safety through specialized inspection knowledge utilizing experienced, dedicated personnel.
- We're your partner for the life of your structure: from the design and construction, through its service life.
- We support you through best practices and expertise developed through our extensive experience.
- Our engineers and inspectors have over 10 years of experience working with the U.S. Army Corps of Engineers

### State Department of Transportation

- AR, HI, IN, IA, KY, MN, MS, MT, OK, PA, RI, SD, TX, VA, VT, WA, WI

### Repeat Consultant Teams

- AECOM, Burgess & Niple, Collins, Consor, Greenman Pedersen, Hardesty & Hanover, HDR, HNTB, Jacobs, Kiewit, Mead & Hunt, Michael Baker, PRIME, Stanley, Stantec, Terracon, Tetra Tech, TranTech
